

# LIGHT UP LANCASTER

01-02 NOV

Come one, come all to the wonderful, unique and free festival of light, art and fireworks.

This year the festival will voyage 'Into The Skies' to commemorate the 50th anniversary of the Moon Landing.

Local, national and international artists will take you on a journey through space, exploring moons, stars and planets through art installations, video mapping, music and performance. And at 8pm on the Saturday the skies will be ablaze with the culmination of the festival – a stunning fireworks display launched from the grounds of Lancaster Castle.

There will be plenty of opportunities to get involved, from interactive installations to craft workshops; live performances to family activities. So come and join in with this most magical of festivals!

Lancaster City Centre  
Friday 1st and Saturday 2nd November 2019

[www.lightuplancaster.co.uk](http://www.lightuplancaster.co.uk)

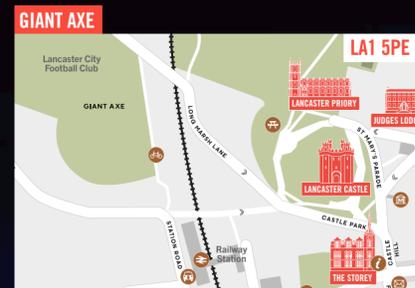

Design by www.robinzahler.com

# FIREWORKS VIEWING AREAS

SATURDAY 02 NOVEMBER - 8PM

Arrive between 6.30 and 7.30pm - There's fun and food stalls while you wait! Wristbands required at Giant Axe and Quay Meadow. Pre-order at [www.lightuplancaster.co.uk/fireworks](http://www.lightuplancaster.co.uk/fireworks)

This viewing area is situated in Lancaster City Football Club and is very near to the railway station. Mostly grassed; some hardstanding areas suitable for wheelchair users and limited accessible parking (please call 01524 582394 in advance).

This grassed viewing area is situated behind St George's Quay and can be accessed by walking along the quay from the city centre (no parking available).

A relaxed and quieter viewing location just outside the city centre with stunning views of the fireworks. Wristbands not required. Limited parking available.

## LIGHT UP THE NORTH

Light Up Lancaster is a member of Light up the North, a network of light festivals taking place across the North of England.

Light Night Leeds 10-11 October 2019	Durham Lumiere 14-17 November 2019

## FAMILY WORKSHOPS

SATURDAY DAYTIME - 02 NOVEMBER

### CORNERSTONE, SULLYARD ST.

**SPACE JARS** from 10am - 12 noon  
Create your own magical glow-in-the-dark space jar with Shreya Ghodke. Fill your jar with stars, planets, moons, rockets and maybe an alien. When the lights go down your jar will glow! Just turn up. **FREE**

**FLIGHTY** from 2pm - 4pm  
Make your own colourful space shuttle with its own launch pad and make it fly with Joanna Cameron from Creation Station. This is a fun activity for all ages. Just turn up. **FREE**

### JUDGES LODGINGS MUSEUM, CHURCH ST.

**ORBIT** from 10am - 12 noon  
Making your own planets has never been so much fun. Led by Roisin Brennan, the session uses paint, paper card, eye droppers and... lots of imagination! Just turn up. **FREE**

**PAPER CUTTING** from 1pm - 3pm  
Learn the ancient story and skills of papercutting with Maryam Golubeva by using manicure scissors and having fun creating intricate designs. Drawing skills not essential - just a steady hand and patience! Age 7+. Just turn up. **FREE**

### THE DUKES GALLERY, MOOR LN.

**INTO OUR SKIES** 11am, 11.45am, 12.30pm, 2.15pm, 3pm  
Moonwalk, leap and voyage among the stars with Lucy Starkey in this active astro-fuelled dance and movement workshop for groups of families and friends. Maximum group size of 12. Age 6+. Under 12s must be accompanied by an adult. **Booking Only. Call the Dukes on 01524 598500 or visit [www.dukes-lancaster.org](http://www.dukes-lancaster.org). FREE**

### THE AUDITORIUM AT THE STOREY

**MAGIC ISLANDS IN SPACE**  
60min shows 10am, 11.30am, 2pm Special sessions for ages 0-3 and their families to set the pace and freely explore. Spot your reflection in sparkly craters, be mesmerised by modules on the rocket, ride the traveller! **£5 per group. Booking Only. Visit [www.moremusic.org.uk](http://www.moremusic.org.uk)**

PROUD TO SPONSOR

**LIGHT UP LANCASTER**

Photo by James Billings

Correct at the time of publication. Lancaster BID does not accept responsibility for any errors or omissions.

**LANCASTER CASTLE COURTYARD**  
**LIGHTSCAPE** by MammaONica (Italy)

Lightscape is an immersive multi-layered experience, creating a luminous landscape evolving through time. With flowing colours and tone, MammaONica create a forest in a courtyard and the skies upon the earth. With a choral piece to celebrate the flow of time, the digital canvas renews itself, taking us on a narrative journey from dusk till dawn.

**LANCASTER QUAYSIDE AND MARITIME MUSEUM**  
**CLOSE TO THE WIND** by Dan Fox

Close To The Wind is a huge vibrating projection screen controlled by the wind. Made from hundreds of strips of white elastic stretched between two ex-military communications masts, the elastics vibrate as the wind blows creating sounds and visual patterns. Projected images synchronised to the wind by anemometers interact with the elastics.

**JUDGES LODGINGS**  
**A SPACE INVASION** by Ash Murphy and Aaron Kara

A Space Invasion is an interactive experience taking you back to the nostalgic time of the 1980s. Revisit the classic game of space invaders and put yourself in the hot seat. Meet the space police, take control of the ship and fight the aliens on an 80 ft building! Be the conductor to a synth band soundtracking your gaming experience live whilst you join us in the skies and see the game revisited like never before in all its 8bit glory.

**MARKET SQUARE**  
**THE PROMENADE OF GALAXIES** by Ludus Dance with Illuminos

The Promenade of Galaxies celebrates the 50th anniversary of the moon landing, questioning the meaning of the most optimistic event of the 20th Century. Devised and performed by their flagship youth company, Ludus Dance presents a participatory multi-cultural perspective on the race to the moon.

**NEW STREET**  
**DISTANT VOICES** by Mark PARRY

A series of wormholes (theoretical short cuts in space/time through which we can reach far off places in the universe). Within each portal we hear voices from other times and places.

**SPACEMAN** by Blackpool Illuminations

First designed by Alan Cockcroft in 1970 to celebrate the moon landings, this iconic 3 metre high structure is a replica of Neil Armstrong's space suit and is a fun, vintage illumination.

**PHAROS** by Joe Moran

A dynamic sculpture designed to absorb light, which is then projected outwards in organic patterns rotating like a lighthouse. Named after one the Seven Wonders of the Ancient World.

**CITY MUSEUM**  
**THE HAPPINESS SUM** by Gemma Wood

The Happiness Sum is a playful, interactive installation that poses important questions about what activities make us happy... and by how much! Beautiful and intriguing, it encourages us to check if, in our fast-paced society, we are maximising our happiness potential.

**HEADSPACE** by City Museum

The City Museum offers the perfect chill-out zone with its soft-focus light of 'inner space' guiding you peacefully to a different experience at the festival. Created specially to complement its current exhibition by artist, Andy Farr, the zone is a reflective, sheltered location where the inner journey of human life can be understood as the final frontier.

**PRIORY CHURCH**  
**MUSEUM OF THE MOON** by Luke Jerram

Measuring seven metres in diameter, the moon features 120dpi detailed NASA imagery of the lunar surface. At an approximate scale of 1:500,000, each centimetre of the internally lit spherical sculpture represents 5km of the moon's surface. Experience more 'Moon' events at The Priory: 3 - 20 November [www.lancasterpriory.org](http://www.lancasterpriory.org)

**CASTLE PARK**  
**LIFT OFF** by BCL Lighting-Design (Brent Lees)

Lift Off is Lancaster's entry into the space race! It's July 1969. The stage is set, the launch pad is ready, engines are primed, the space craft points to the sky, the astronauts are strapped into their seats & mission control is counting down... Take your place at the viewing area to witness the launch!

**PRIORY STEPS**  
**BIRDS OF A FEATHER** by Sandy Gardner

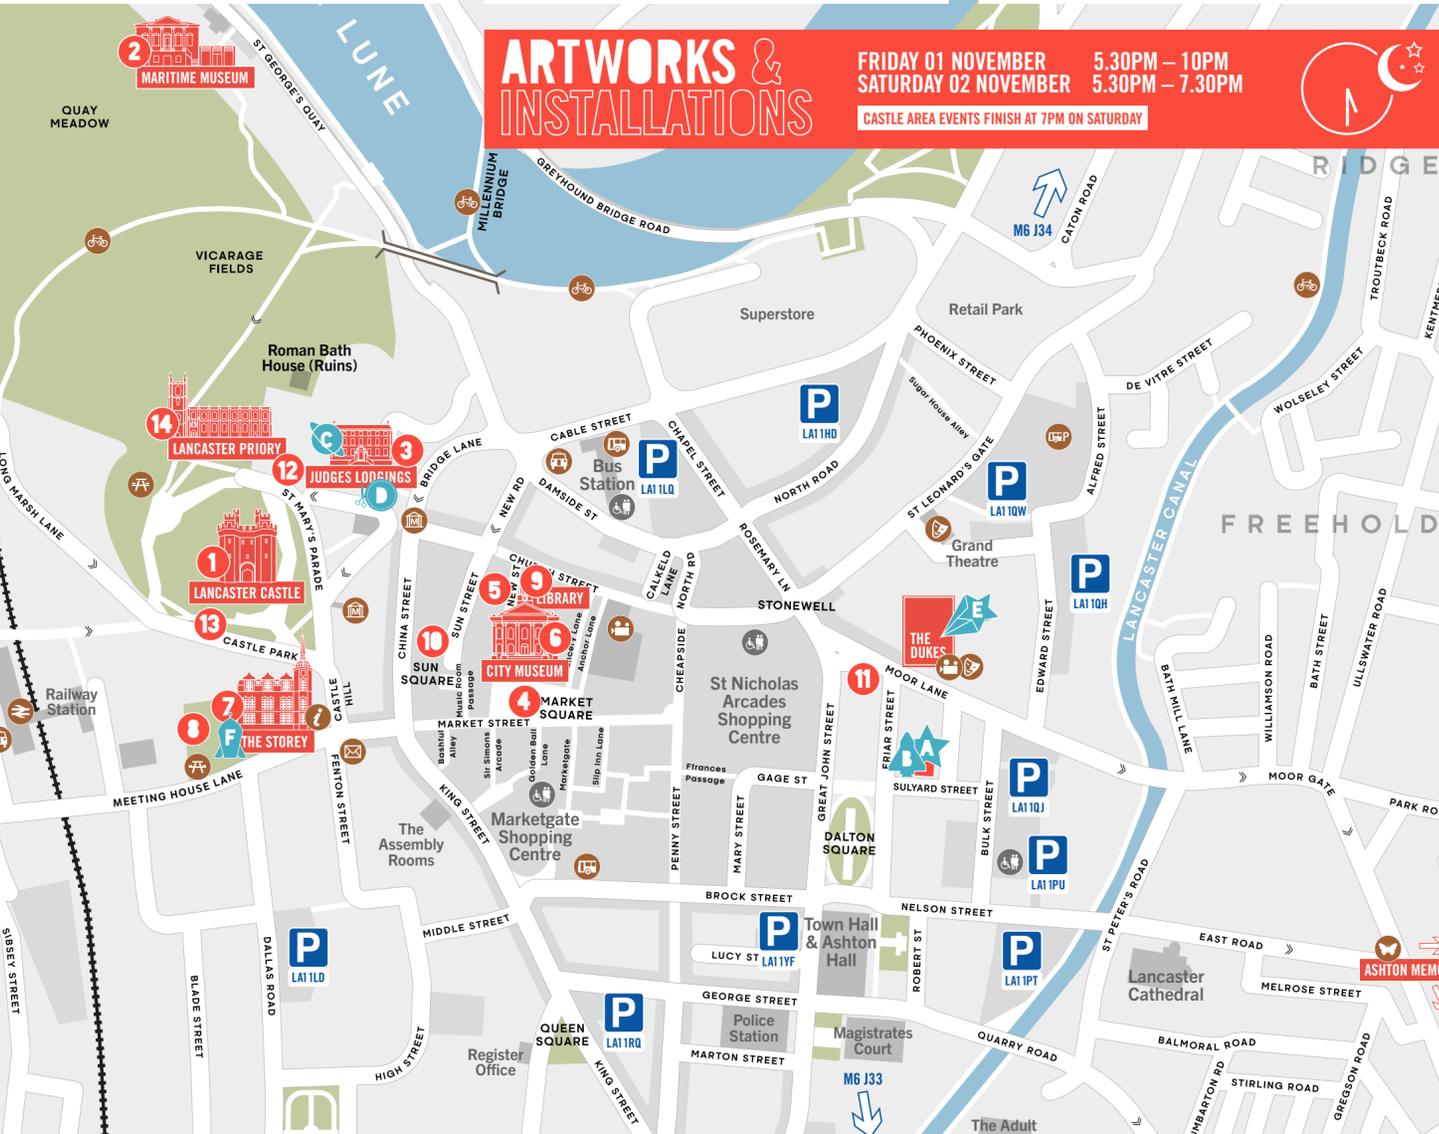

Step into an illuminated, picturesque skyscape and become part man, part bird. It's a chance for a smile and a selfie style picture that you can share. Bring your camera, strike a pose and use your imagination to soar into the night sky and unite as a flock of illuminated birds. A photographer will be there and images will be available online for free download.

**PIZZA MARGHERITA**  
**FROM THE CANAL** by green.box.arts

Some water birds have left the canal and waddled down Moor Lane to find themselves illuminated by Light Up Lancaster - now they are ready to soar.

**VARIOUS LOCATIONS**  
**VIDEO ART TRAIL** by Graft

Showcase of contemporary digital works by diverse emerging artists in unexpected locations around the Lancaster city centre.

**ARTWORKS & INSTALLATIONS**  
FRIDAY 01 NOVEMBER 5.30PM - 10PM  
SATURDAY 02 NOVEMBER 5.30PM - 7.30PM  
CASTLE AREA EVENTS FINISH AT 7PM ON SATURDAY

## INSIDE THE STOREY

**STOREY AUDITORIUM**  
**MAGIC ISLANDS IN SPACE** by More Music, BREAD Art and Lancaster Arts

Singing, music, projections, texture, colour and shadow create a magical, multi-sensory experience ideal for young children and families. An immersive and interactive space-show allowing children to set the pace and explore. Spot your reflection in sparkly craters, be mesmerised by modules on the rocket, ride the traveller.

**THOMAS STOREY ROOM**  
**DIY FILM** by GRAFT (Ellie Barrett and Saul Argent)

Create a video artwork and feature in a pop-up gallery with GRAFT's DIY film workshop! Using green screen technology, feature in your own short film set in the clouds or deep space. Look out for GRAFT's trail of video artworks in shop windows to inspire your own.

**STOREY READING ROOM**  
**PORTAL OF REFLECTON** by Tom Lambert

A kaleidoscopic experience of wonder through animated light and sound. Gaze through special glasses into a portal to a world of colour and allow yourself to be transported to a place of self reflection, taking a moment to feel nourished and to appreciate the wonder of life, the universe and everything.

**STOREY COURTYARD**  
**INVISIBLE TRANSPARENT** by Sumit Sarkar

A multi-process sculpture, fusing two kinds of marble made at the Digital Stone Project in Italy with complex multi-material 3D printed parts, Invisible Transparent incorporates a lighting system and interactive AR bringing the sculpture to life with 3D animation, viewable and interactive on your smart phones.

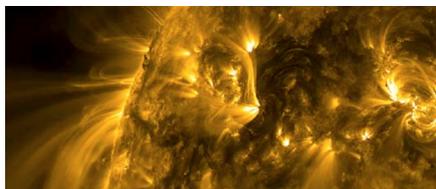

**STOREY MUSIC ROOM**  
**HEAVENS ABOVE** by Jonny Randall and The Dukes

Lay back and journey into the skies of Lancaster in a film experience like no other. Heavens Above is a film by Jon Randall that offers a unique chance to watch the changing night skies of Lancaster. But you won't be watching it sitting down - the film will be projected directly above you, with audiences watching while lying on the floor.

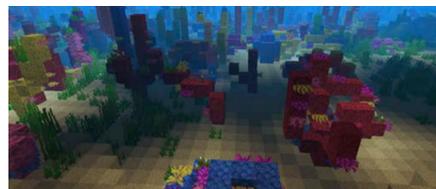

**STOREY GALLERY**  
**LANCASHIRE ELECTRIC** by imitating the dog and Phil Supple

Wander through the rural heartlands to the magnificent coastline and across 100 years, to explore our changing world. Rare archive film footage and a stunning soundtrack by Hope & Social takes visitors on a journey through time across Lancashire. A partnership project with The Dukes.

**SUN SQUARE**  
**SUN** by Alex Rinsler and Prof. Robert Walsh

A world premiere, experience the Sun in remarkable 360° using accurate data from NASA's Solar Dynamic Observatory. SUN is a partnership between public artist Alex Rinsler and leading solar physicist Prof. Robert Walsh; co-commissioned by Light Up Lancaster, Lightpool Festival and support from Arts Council England and the Science and Technology Facilities Council.

**LANCASTER LIBRARY**  
**FLIGHTS OF FANCY** by Lancaster University

The Lancaster University Family Zone at the Library is back for 2019! Come and explore the breath-taking Aurora, immerse yourselves in planetary sounds and sights, learn about our atmosphere, discover just how important sea birds are, and get to grips with coral reefs through Minecraft. We can't wait for you to join us as we go... Into the skies.

**THE STOREY GARDENS**  
**HALO** by illumaphonium

HALO is a wondrous new participatory sonic and visual kinetic experience. Made up of individual, digitally interlinked columns of ever evolving patterns of light and sound. Halo is an immersive, innovative and interactive installation bringing strangers together in a shared moment of spontaneous music making.
